Dear Mom and Dad,

We have finished our bridge class and I don't think we need any more lessons. Playing novice duplicate on Saturdays is the next goal.

I am going to Puerto Rico on Monday and Vickie is coming down Wed. When I will be finished with my work. She is quite pleased to have earned her plane fare. We will stay a couple of days and send you a post-card.

I haven't taken much leave and so have 22 days off this year plus the usual holidays. We are thinking of visiting our friends who now live in Minneapolis.

and go camping for a few
days. Also we could see some
of the relatives there.

I'm sure Mary and Mike
are very busy - I'll have to
write to them again soon. I
tried to call Gail last Sunday
but she wasn't home. I don't
know when we'll get to Seattle
next, but I may stop by
on the way back from Calif.
some time.

I have been up to the
Pentagon and the Navy Dept.
several times lately. Everything
there is run by the Admirals
who hire their friends and dole
out contracts to their favorite
contractors. It is a little
discouraging to have to deal
with so many incompetent people.
